- I have read and understand the participant information sheet. I have also had the opportunity to consider the information given, ask questions using the contact details provided, and (if applicable) have had these answered satisfactorily.
- I understand my participation is voluntary and I am free to withdraw at any point, without giving a reason.
- I understand who will have access to the personal data I provide, and how the data will be stored.
- I understand all personal information will remain confidential and all efforts will be made to ensure that I cannot be publicly identified (except as required by law).
- I understand de-identified data may be shared with third parties for research purposes, such as collaborators at other universities, including those outside the UK. All partnerships are carefully reviewed by the research team and are conducted in line with University of Cambridge data protection policies.
- If I attend a focus group or interview, I consent to have audio and video recordings made. I understand these recordings will be used for analysis purposes only and will not be shared outside the research team. I also understand I will have the option to turn off my camera at any point should I so choose.
